# DOGSLED EXPERIENCE

We pick you up from your hotel and take you to Ripan Hotel & Camping in Kiruna. There, we will change into warm clothes and meet the friendly Alaskan Husky dogs. Whilst you get comfortable on Reindeer hides on the sled, the dogs get more and more excited, barking in happiness and eager to start. Off we go, and suddenly everything is quiet. The only thing you can hear is the sled running on the snow and the breathing of the dogs. A new wilderness adventure has started. We use a large sled with a big team of dogs (approx. 12 dogs), and if you like, you can try being the musher for a while. We will take a break at a Lavvu (Lappish teepee), and by the light of an open fire we will have a cup of coffee or tea with some home made bread and local specialties. There is a chance that we will see wild animals along the trail, or their tracks in the snow. We may also see the amazing Northern Lights (aurora borealis), and if so, we will put out the headlights and travel soundlessly in the dark winter night with this spectacular sight above us.
